WATER & WASTEWATER TREATMENT & UTILITY SYSTEMS SPECIALISTS

REVERSE OSMOSIS SKID-MOUNTED UNIT FULLY REFURBISHED

Waterworks designed, engineered and built this Reverse Osmosis Unit + related CIP unit, and leased it to a Mineral Water company in a Middle East.

Now back to our Jebel Ali Free Zone yard, this RO unit + CIP unit have been refurbished and reconditioned by our Team of engineers and technicians. And they are now for sale!

Both RO and CIP units are skid-mounted for easy transportation and installation.

Design feed water quality and system performance:

- < 100 ppm TDS – 90% recovery – Permeate flow: 125 m³/hr (2 x 62.5 m³/hr)
- <2,500 ppm TDS – 75% recovery – Permeate flow: 90 m³/hr (2 x 45 m³/hr)

High Pressure Pump: Grundfos / Pressure Vessels: Codeline
More technical details and information available on request.
